January 21, 2025

We would like to take this opportunity to thank our patients, colleagues, and friends for reaching out during the past several weeks after our announcement to close our practice. This has been a very difficult time for everyone involved.

We are thankful for our patients who have placed their trust in us over the years. In addition, we are thankful for our referring physicians who have remained steadfast in their confidence in us to care for their patients.

We are also thankful for and would like to recognize our wonderful staff members who have dedicated themselves to helping us to provide the best possible care for our patients. They have each dedicated many years of service to our group and they are family to us. It is very sad to see the team moving in different directions, and we wish them all the very best of luck in their future endeavors.

We want to remind our patients that your medical records are available within the EPIC electronic health records system which is the system many providers and hospital systems use. If your provider cannot obtain records through EPIC, you may request records from our office by sending a letter or stopping in to sign a records release as soon as possible. If you have asked for records and have not picked them up, please try to do so before the end of January.

Again, we thank you from the bottom of our hearts.

SPRINGFIELD HEART SURGEONS
